

ACCEPTABLE LOW TOXICITY SOLVENTS

include:

Weber Turpenoid Natural (green can)

Grumbacher Grumtine

Winsor Newton Oil of Spike Lavender

Eco House Xtra Mild Citrus Thinner

These and other low toxicity solvents are available through most art supply retailers. Most are citric based solvents.

Absolutely no turpentine or mineral spirits are to be used in the studios. Exposure can lead to dizziness, nausea, vomiting, seizure, central nervous system damage, brain damage and death.

Additionally, please refrain from wearing perfume, cologne or scents of any kind.
